

DURASPEC SEAT

spec™

COMPOSITION

The DuraSpec poly seat consists of over-molded polyurethane placed on Spec's signature recycled plastic seat pan.

BENEFITS

- Easy to clean which reduces the risk of infection making it an excellent choice for healthcare, educational, general purpose areas (ex. food courts, etc)
- Tested with most common cleaners, including Virox
- Extremely durable
- More comfortable than hard plastic
- Supports up to 500 lbs
- Easy to replace in the field
- Attractive design
