

# TRAFFIC Public Seating

## LAYOUTS

### Description

- Today's high traffic public areas demand high durability and low maintenance without sacrificing design.
- Perforated steel seats, with optional field replaceable cushions, can be connected with perforated steel or laminate spacer tables to fit virtually any layout.
- Standard seat width is 22". Bariatric seating is a 30" wide seat and is load tested to 750 lbs.
- Seat, leg column and foot can be specified in different finishes.
- Arms or armless can be specified in any standard width combination.
- Arms only for Bariatric.
- Please send a drawing of the configuration you require with your order.
- Optional floor mounting brackets available.
- Seat mounting option location offers wall-saving if desired.
- For fabrics you wish railroaded or repeats larger than 5" x 5", please contact the factory with repeat information and yardage requirement will be provided.
