WHAT'S NEW 2022

Latch

Reconnecting in a New Way

Latch—our modular furniture offering—has added a mobile whiteboard to the collection. Thoughtfully designed handles on each side assist in maneuvering the whiteboard around your space as needed. Connect the whiteboard to Latch tables for meetings on the go. Latch helps users create purposeful configurations to improve workflow and collaboration.

Apricus

Safety and Style Defined

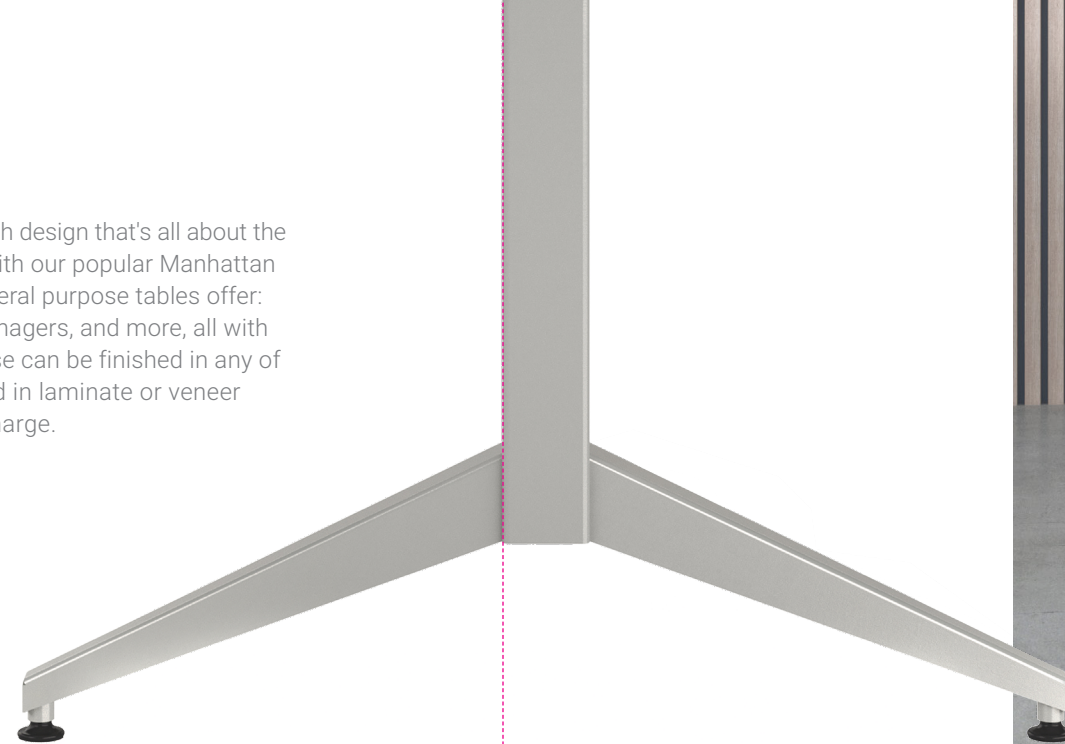

Our Behavioral Health offering is stronger than ever with Apricus, the latest addition to our Heavy Duty healthcare seating offering. Single-, two-, three-seat and bariatric designs feature a comfortable seat, a supportive back, and a robust, cleaning-friendly, injection-molded frame.

Yorkville

Light on Its Feet

Our Yorkville table is a multi-purpose table with a fresh design that's all about the base. Joining the lightweight but mighty category with our popular Manhattan table, the Yorkville table features everything our general purpose tables offer: casters, levelers, a flip-top, power modules, wire managers, and more, all with a lightness in its step. The modern-looking table base can be finished in any of our 76 Spectone finish colors, and the top specified in laminate or veneer of your choosing—or stain-to-match for no extra charge.

Tailor Booth

Seating for One

Tailor Booth is now available as a single seater, allowing you to create one-on-one private settings within cohesive room layouts. Tailor Booth is also available in two- and three-seat configurations in both midback or highback designs.
