**What's
New
2013**

Tailgate

**Strengthen the ability to work,
learn and create together**

Spec's Tailgate Tables are designed to increase the effectiveness of groups by making collaboration easier and more efficient. Interaction and data sharing become simple and straightforward. Choose from 2 base designs, Manhattan or Plinth; and 2 table approaches, freestanding or with a Media Wall.

Tailgate - Freestanding with
Manhattan double column bases

Access doors open from both
sides for easy connection to
power/data/communication

Tailgate - Plinth Bases
with Media Wall

John Edwards

John has designed Tailgate, Manhattan, Tap-in Powerway and the innovative Flip6 table mechanism. He has played an integral role in the design and development of many of our industry's leading products and holds over 20 US patents.

Dignity2 - Choice of upholstered or laminate inside panels and outside panels

DIGNITY2

Designed specifically for Behavioral Health applications

Dignity2 features a side frame with a softly rounded rectangular steel leg and side panels that can be laminate or upholstered giving the series a timeless look. The entire collection was designed with the safety of staff and patients in mind with reduced ease of movement and tamperproof hardware.

Michael Shields

Michael Shields has won 5 Neocon Gold Awards, holds over 24 patents, and was presented the prestigious Nightingale Award with Spec Dignity in 2010. With Dignity2, his keen aesthetic vision, zest for innovation “form follows function” attitude truly come to life.

Create configurations of any size and shape

calvin
