

BUD

Disassembly Instructions

Tools : Box cutter knife, pliers, screw driver set
Skill Set: Good manual dexterity.
Estimated Time: 7 Minutes per BUD

Recyclable Material (lbs) 

Wood 12.80

TotalWeight 12.80

1. Glide : 2 mins

Turn the glide counter clockwise to remove.

2. Fabric and Foam: 4 mins

Cut the fabric along stitch lines and peel back all the layers of fabric to expose the foam. Using a knife cut away all the foam glued to the body of the BUD. Using the knife cut away all the fabric stapled to the bottom of the BUD

3. Wood/Cardboard

The wood/ cardboard can be down cycled by some facilities who would grind it up to be used for farm bedding.
