CLEANING & MAINTENANCE

SPECTONE EPOXY FINISH
Light soiling may be removed with a damp cloth or household glass cleaners. Heel marks, heavy soiling and surface marring may be removed with automotive grade polishing compounds or car wax. Do not apply abrasive cleaners, polish or lubricants to table bases or moving parts.
Damaged paint may be repaired with touch-up paint which is available from the factory. Touch-up paint is supplied in powder form to provide an exact match with the existing color. To use the powder, add a small quantity of commercially available lacquer thinner to a small quantity of the powder, stirring with a metal stirrer until the desired consistency is achieved. The paint solution may then be applied using a brush. Avoid using too thick a consistency resulting in brush marks. Allow at least one hour to dry.

LAMINATE TABLE TOPS
Clean with mild soap and water. Do not use abrasive cleaners or wax. Avoid flooding laminate surfaces as water can seep between laminate joints, loosening the finish from the wooden substrate and damaging the substrate.

VENEER TABLE TOPS
Clean with mild soap and water. Always wipe the surface in the direction of the wood grain and ensure there is no pooling of liquid at the seams. Do not use abrasive cleaners or wax.

FOLDING BASES
Remove plastic caps & add 2 drops of WD-40. Move column back and forth to lubricate. Let sit for one hour. Replace plastic caps. To maintain ease of movement, repeat every 6 months.

CHROME
Minor marks may be removed with a household cleaning solvent such as Windex. Chrome polish may be used to restore luster on chrome products.

FABRICS
Care of fabrics varies with the type of fabric. To prevent damage, Spec recommends using only mild water based solutions. For stubborn stains, we recommend that you check the website of the fabric manufacturer or call them for specific cleaning instructions for the fabric. For healthcare applications, stronger cleaning solutions are used for infection control. These solutions must be cleaned off with clean water following their use.

WOOD FRAMES
For light cleaning/dusting, use soft cloth or duster. For stubborn stains, use non-abrasive, water-based cleaners only.

LLDPE - POLYETHYLENE (ROTO-MOLDED MATERIAL)
Minor marks may be cleaned with soap and water. Stains may be removed by applying isopropyl alcohol with a cotton swab.

POLYURETHANE (DURASPEC, ARMS, ARM CAPS)
Clean with mild soap and water. Diluted cleaners and disinfectants may also be used, but wiped dry immediately after application. Do not leave to dry.

POLYPROPYLENE
Clean with mild soap and water. Stains may be removed by applying isopropyl alcohol or hydrogen peroxide in low concentration with a cotton swab. Wipe dry immediately after application. Do not leave to dry.

GLASS-FILLED NYLON ARMS
Clean with mild soap and water.

LAYOUTS

To configure Tailor Modular, please specify left to right facing the configuration.

Tailor has two arm styles - end arms which are tapered, and connecting arms which are straight. Please provide a layout drawing with your purchase order or quote request and Customer Service will determine the appropriate arm (end or connecting) depending on their position within the layout. Arms are shipped assembled on the chair.

Tapered End Arm

Straight Connecting Arm

A Choose from one-, two-, three-seat and bariatric modular designs.

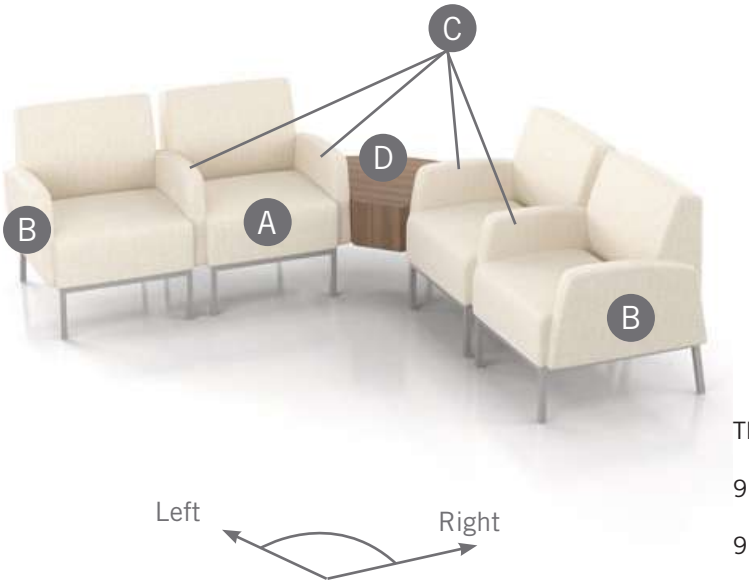
Note: Single seat configuration is shown in the example below.

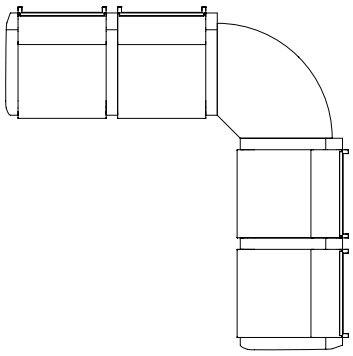
B Tapered End Arms are installed at the ends of the layout run.

Note: Exceptions apply, see next page for more information.

C When arms are specified between seats or seat-to-table, a Straight Connecting Arm will be used.

D To complete your configuration, choose from end of run, spacer or corner connecting tables.





The configuration above can be specified as:

9101MC	Single Seat, Two Arms (one Tapered End, one Straight Connecting)
9101MC-R	Single Seat, With Right Arm Only (Straight Connecting)

B Straight Connecting Arm

STRAIGHT CONNECTING ARM ON ONE END

Configurations with an **arm on one end** will have Straight Connecting Arm as standard.
