

Model	Overbed Tables	
Dimensions	Without Side Table	With Side Table
Width	32	40
Depth	17	17
Height	29 to 44	29 to 44

Options:

Rectangle or Kidney shape tops

2 base designs - H and U

Hide-away vanity

Storage Basket

Note: Spill collector edge standard on Thermoform tops only

Base Construction Both the U and H frame are constructed by connecting 2 major components. The Table base is welded steel construction with injected molded casters. The adjustable column that can travel 29" to 44" is constructed from two extruded aluminum parts that are mechanically fastened to both the base and the top.

Laminate Tops Laminate tops are constructed of 3/4" NAUF (no added urea-formaldehyde) particle board (Phase 2 CARB compliant) core, covered and bonded with a water-based glue to a 1/16" high-pressure plastic laminate sheet on top and a plastic laminate backing sheet below for a sandwich top thickness of 1 1/8". The core is manufactured with 100% recycled material and is manufactured inside a FSC Certified manufacturing facility. The top density is 39 pounds per sq. in. Edges are made from high impact laminate.

Thermofoil Tops Thermofoil is a flexible, 100 per cent solid-colored vinyl vacuum formed to the shape of the product with adhesive on its underside.

Casters Non-locking casters
