Durability That Can't Be Beat

Made from rotationally molded polyethylene, the award-winning Hardi Series is virtually indestructible. The one-piece chair is a breeze to clean and extremely robust. Available as Lounge and Dining chairs with or without arms, and in Rocker and Stool designs, the Hardi Series gives specifiers the ability to bring Spec into more Behavioral Health applications.

Safety First

All products in the Hardi series are TB 133 compliant as standard and exceed the BIFMA Seating Durability Test to 500 lbs.

Extra Weight

All Hardi designs can be weighted on site with sand if desired. A spun-in cap on the underside closes the opening, secured with tamper-proof fasteners.

Soothing and Calm

Blending safety and well-being into one contoured design, each product in the Hardi Series offers comfort to the eye and to the user. Hardi Rocker's soothing, yet subtle rocking motion provides relief and a place for reflection. Choose from six nature-inspired RAL colors.

Hardi Rocker *Finish (Green)*: RAL 6021; *Finish (Grey)*: RAL 7015.

Choose Your Hardi

The collection features six designs that can be placed anywhere from the most clinical of settings to calming therapy rooms.

It's All in the Details

To make sure every need is met, the Hardi Series features and options address the needs of Behavioral Health spaces.

Hardi sits tight to the ground.
Nylon glides are optional.

Shallow hand grips make
Hardi designs difficult to
pick up yet easy to adjust
while seated.

Optional ganging brackets
allow users to connect
chairs together when glides
are specified.

As an extra safety
measure, floor mounting
straps are available.

Finishes

Create a welcoming environment with Hardi by choosing from six soothing colors that match our Spectone RAL offering.

HARDI Behavioral Health Seating

HARDI CLUB Sit Back and Relax

The Hardi Club chair brings the look of the classic club-style to behavioral health facilities. This new design integrates with other Hardi products for a functional and cohesive design. The addition of Club Chair brings the Hardi offering to eight designs - from lounging to group activities, the Hardi Collection has it all!

HARDI CHILDREN'S For the Little One

The Silver Nightingale award-winning Hardi Children's offers a safer seating solution for young patients. Chairs can be fastened to the floor for added safety or weighted using sand. The smooth contours of the roto-molded build make Hardi Children's a child-friendly option for behavioral and healthcare environments.
